

23 March 2020

VIDEO CALL REQUEST.

Dear Customer,

During the current Coronavirus situation it is not possible for us to travel for face to face meetings with customers.

As an alternative, why not have an internet video call with anyone in the SK Chemicals GmbH Team using either your computer (with sound and camera) or by using a smartphone. The call will be made using Zoom (www.zoom.us).

If you would like to have a video call, just let us know the email address or the mobile phone number of those in your organisation who will participate (there is no limit to the number of participants) together with a time and date for the call. You can use either the Contact page on the www.skchemicals.gmbh website, or just send an email request to anyone in the SK Chemicals Team – we'll do the rest.

Each participant will receive an email confirming the date and time. Just click on the **link** in the email and you will then be able to join the meeting.
